

## SCHEDULE SO — CONSOLIDATED STATEMENT OF OPERATIONS

*Throughout these instructions, **you** and **your** refers to the reporting savings association and its consolidated subsidiaries; **we** and **our** refers to the Office of Thrift Supervision.*

Complete this Statement of Operations, Schedule SO, on a consolidated basis from the savings association downward. Do not consolidate your holding company. You should apply generally accepted accounting principles (GAAP) unless we specifically state otherwise in these instructions. Report net income or loss allocable to minority shareholders on SO488, Other Noninterest Income.

Report income and expense for the quarter ending on the report date, regardless of your fiscal year end. Do not report data in Schedule SO on a year-to-date basis. Note that GAAP requires the accrual basis of accounting.

When you correct errors made in prior periods within the current calendar year, you should report them in the same data field in which you would have reported them on the original report. However, you should not report them in the same data field if the adjustment distorts yields for the quarter or results in negative numbers in fields that do not permit negatives. Where the latter would occur, you may include the adjustments in Other Noninterest Income, SO488, or Other Noninterest Expense, SO580. Generally, you may file amendments only within 45 days of the report date. For further information on correcting prior period errors, see Item 5 in the General Instructions.

If you have bought or sold a participating interest in mortgage loans, report only the interest applicable to the portion of the loans you own. If you have purchased mortgage loans or participating interests in mortgage loans on a net-yield basis, report the net interest earned.

If you assume a liability to a third party in connection with a wrap-around mortgage loan where you report the assumed liability on SC760, Other Borrowings, report the gross interest income and charge the interest incurred on the assumed liability to expense on SO260, Interest Expense on Other Borrowed Money.

**NONMORTGAGE LOANS:**

Report the contractual interest earned and the net yield adjustments on nonmortgage loans.

Generally FHLBank prepayment penalties should be expensed on SO580, Other Noninterest Expense. However, in limited circumstances (outlined in EITF Issue No. 96-19), prepayment penalties may be deferred and amortized as a yield adjustment increasing interest expense.

**SO240: SUBORDINATED DEBENTURES (INCLUDING MANDATORY CONVERTIBLE SECURITIES)**

**SO271: CAPITALIZED INTEREST**

Report all capitalized interest costs in accordance with FASB Statement No. 34, *Capitalization of Interest Costs*. Do not use an interest rate that exceeds the weighted average rate for total interest-bearing deposits and other liabilities. Capitalized interest will be deducted from interest expense. Therefore, report this as a positive number even though it will always be a credit balance.

For a discussion on how to calculate provision for losses, refer to the general instructions for Schedule VA.

## **SO81: INCOME (LOSS) BEFORE EXTRAORDINARY ITEMS AND EFFECTS OF ACCOUNTING CHANGES**

The EFS software will compute this line as the sum of SO60 less SO71.

## **SO811: EXTRAORDINARY ITEMS, NET OF TAX EFFECT, AND CUMULATIVE EFFECT OF CHANGES IN ACCOUNTING PRINCIPLES**

**Extraordinary Items:**

Extraordinary items are material events and transactions that are unusual and infrequent. **Both of these conditions must exist for an event or transaction to be an extraordinary item.**

- **Unusual** – To be unusual, an event or transaction must be highly abnormal or clearly unrelated to the ordinary and typical activities of the association. An event or transaction beyond the control of management is not automatically considered unusual.
- **Infrequent** – To be infrequent, an event or transaction should not reasonably be expected to recur in the foreseeable future. Although the past occurrence of an event or transaction provides a basis for estimating the likelihood of its future occurrence, the absence of a past occurrence does not automatically imply that an event or transaction is infrequent.

Rarely do events or transactions qualify for treatment as extraordinary items. Among these are:

- The excess of fair value over cost of net assets acquired in a purchase business combination (negative goodwill) recognized in earnings at the date of combination;
- Losses that result directly from a major disaster such as an earthquake (except in areas where earthquakes are expected to recur in the foreseeable future);
- Gains or losses from a government expropriation; or
- Losses from a prohibition under a newly enacted law or regulation.

**Do not include:**

1. Adjustments to valuation allowances. Report these on SO32, Net Provision for Losses on Interest-Bearing Assets, or SO570, Net Provision for Losses on Noninterest-Bearing Assets, even if the actual loss occurred in a prior period.
2. Audit adjustments for corrections of accruals. For information on correcting prior period errors, see Item 5 in the General Instructions.
3. Adjustments for periods where the cycle is open for amendments to the TFR. Refer to the general instructions for the submission of amended reports.
4. Adjustments related to prior interim periods of your current fiscal year. Report these adjustments currently in the appropriate current income or expense data field.
5. Net income or loss allocable to minority shareholders. Report in SO488, Other Noninterest Income.
6. Gains and losses on extinguishments of debt that do not meet the criteria in APB Opinion No. 30 for classification as an extraordinary item. Generally prepayment penalties should be expensed on SO580, Other Noninterest Expense.

**Cumulative Effect of Changes in Accounting Principles:**

The cumulative effect of changes in accounting principles is the amount resulting from changing from one **accepted** accounting principle to another **accepted** accounting principle. It does not include the cumulative effect of changing from an unaccepted accounting principle to a generally accepted accounting principle. This type of change is reported currently in the appropriate income or expense data field.

Report a loss as a negative amount.

## **SO91: NET INCOME (LOSS)**

The EFS software will compute this line as the sum of SO81 plus SO811.
